Wit speelt de 33-28 hollandse opening. Gezien de vorige partijen van wit, speelt zwart bewust op het centrum en in de hoop op gelijktijdige bezetting van de velden 27 en 29 zonder 28 te bezetten. Dit is op zet 11 een feit. Zwart neemt de halve hek en na zet 13 is ook de IV vastgezet. Wit besluit schijf 24 aan te vallen. Na de 2^e achterloop is de witte stand niet goed meer. Met de 19^e zet versnelt wit het einde van de partij.
